

Utah Authors

*The following authors on this list are considered “local” and would work for the “Local Author Literature Response.” These are not the only Utah Authors, but only a few of the ones that exist. It is important to note that some of these authors write only picture books. I have marked a few of the authors that I know write picture books (they may also write chapter books as well). Some of the others write chapter books, or chapter books **and** picture books. Remember that for your response the book must be a MINIMUM of 120 pages in length.*
